Re: Hertz Rental Cars

Dear Sirs and Brothers:

We are advised by the New York office of the Hertz Company that those Teamster affiliates that have occasion to rent cars on official business can enjoy a 20% discount on such rental if arrangements are made directly with the following:

Mr. David Hawks
Commercial Accounts Manager
Hertz Rental Cars

Early experience with the subject credit card arrangement indicates in some instances that individuals renting cars are making purchase of gasoline and, for reimbursement or credit purposes, not bringing this to the attention of the rental agency attendant.

Since the International is paying the quoted rate, which includes gasoline, on cars so rented, it would appear that an additional unnecessary expense is being created by not taking credit for gasoline purchases.

Dear Sir and Brother:

This is to advise that the International has arranged car rental service with the Hertz Corporation and is being given a 20% discount on all car rentals. Since the service has proven its advantages in certain circumstances you are hereby authorized to make use of it within limitations. Enclosed herewith is your credit card # 1439 083 0003 9.

Car rental usage will be strictly confined to official business. Any departure from or abuse of such use will result in cancellation of the car rental authorization.

It is to be noted that the car rental authorization is not in lieu of, but rather is in addition to the monthly car allowance. Therefore, under normal circumstances car rental is authorized only when your personal vehicle is not ordinarily available. Cars should never be rented in the organizer's city of residence.

Attached hereto you will find a set of instructions as to the use of the Hertz Credit Card. Read the instructions thoroughly and follow them in detail in order for the International to gain the advantage of the 20% discount.

INSTRUCTIONS FOR THE RENTAL OF HERTZ CORPORATION CARS

To receive discounts on Hertz rentals, you are to use the HERTZ AUTO-matic Identification Card which is attached. You will note that on the extreme right side it is coded with the figure "10" as a signal to Hertz personnel that our organization is a Hertz National Account.

Hertz has an established policy of guaranteeing compact car rates at all corporate owned stations and most licensee cities. By reserving or requesting a compact car, the compact rate will apply although heavier cars may be substituted. At corporate stations this policy applies whether or not compacts are maintained as regular equipment.

No deposit is required at any time. Discounts apply on either cash or charge transactions. If, for some reason, you do not have your Hertz discount card with you, the discount must be requested when the rental is concluded. No subsequent adjustment will be made because of the expense involved for our organization and for the Hertz Accounting Department, field offices, etc. Also, discounts cannot be deducted from Central Billing statements.

Your Hertz card is an organization charge card, and permits you to charge rentals to our organization. Charges will be centrally billed to us on a consolidated monthly statement with copies of all invoices attached.

When advance reservations are made, they should be telephoned to the nearest Hertz office. No reservations are to be made through a travel agency, railroad ticket agent, hotel or other sources to whom Hertz must pay a commission. At the same time, charges cannot be made against any general card such as a Diner's card, American Express card, Hilton Carte Blanche card, etc., because of the commission involved. If either of these two policies is ignored, forfeiture of discount to our organization will result.

Dear Mr. Hoffa:

Enclosed you will find a copy of my letter to Mr. Frank H. Ramsey, dated October 6, 1959 and the original of his reply, dated October 12, 1959.

It is certainly not with intent to cast any aspersions on Mr. Ramsey, and/or, his office that I am now by-passing him and writing you; however, it has been my experience in the past that the best way to get a decision on policy is to go straight to the top. I refer to the fact that, at the time Mr. Nichols made the rental and represented himself as authorized to make this charge to the Teamsters Union, he was acting within his official capacity.

I feel that under these circumstances the Teamsters Union should acknowledge responsibility for the bill. Without trying to be smart, I think you will agree that this is a matter of ethics and policy which, again, is where you come in.

If you do not agree, we will simply write this off.

Thank you for reading this.

Gentlemen:

Have your letter of October 6, 1959, inquiring about Teamsters Local 158.

Local 158 is a defunct organization. I know of no way in which you can collect your outstanding bill in the amount of \$56.40 from this Local.

According to recent newspaper accounts, the Secretary-Treasurer, John Nichols, is on his way to South America.

I believe that you, like all other creditors who had bills against this Local will have to write them off.

I'm sorry that this has happened although it was beyond the control of the rest of the Teamsters Locals in Wisconsin, and I trust that your bad experience with this organization will not affect, in any way, your relationship with the rest of the Teamsters organizations in Wisconsin and the nation.

Sincerely,

Dear Mr. Ranney:

We have been trying to contact Teamsters Local # 158 for a rental made in 1958. There is an amount of \$56.40 outstanding.

From July 1958 to September 1959 we have come up with four (4) different addresses yet all our letters are returned "unclaimed".

Any assistance you can give us in this matter will be greatly appreciated.
